ONE & TWO-FAMILY BUILDING PERMIT APPLICATION

The Massachusetts State Building Code (8th edition) specifies the minimum building permit requirements. Applicants are advised to review and be familiar with these requirements in order to avoid common permit application problems. Applicants shall be aware that permits *shall not be issued* to properties owing outstanding property taxes, municipal fines or fees pursuant to local ordinance.

FILING INSTRUCTIONS

1. Application forms must be fully completed, including all requested information, in clear, legible handwriting or electronically. Incomplete applications will result in delays in processing.
2. Applicants shall describe the work to be performed in plain English, with sufficient detail to notify the building official as to the applicant's plans. Descriptions which reference drawn plans (i.e. "see attached") are not acceptable.
3. Construction plans must be dimensioned, clearly drawn, and of sufficient detail to demonstrate the project's compliance with all relevant aspects of the Massachusetts State Building Code (8th ed.).
4. Applications shall be deemed complete upon receipt of the application form, construction documents (i.e. plans), specifications, fees and all related materials (e.g. Workman's Compensation Affidavit). The application review period shall run from the first date on which all required materials have been filed with the building official.
5. Applicants shall attach proof of authorization to applications for projects which require approval from another authority-granting agency such as the Conservation Commission, Zoning Board of Appeals, Planning Board or Board of Health.
6. Applicants shall provide a photocopy of their Construction Supervisor's License, Home Improvement Contractor's Registration, Worker's Compensation Affidavit and copy of current Certificate of Liability Insurance.

PERMIT FEES

Effective August 21, 2017, the residential building (1&2 Family Dwellings) permit fee shall be calculated based upon the total projected building costs associated with the project as reflected in Section 4 of the building permit application at a rate of \$14 per \$1,000 of total projected cost. The minimum permit fee shall be \$50. All projects requiring plan review shall be assessed an additional plan review fee (\$25).
